- Displays outcomes for students who placed into one of three levels of developmental mathematics and progressed to MAT 104 College Algebra, or placed directly into MAT 104.
- Group 1: Percentage of students who completed MAT 104 College Algebra with a grade of “D” or better, having taken MAT 100 Beginning Algebra and MAT 103 Intermediate Algebra prior to 104
 - Group 2: Percentage of students who completed MAT 104 with a “D” or better, having tested directly into 104
 - Group 3: Percentage of students who completed MAT 090 Fundamentals of Math with a grade of “P (Pass)” and enrolled in 100 (2015-16)
 - Group 4: Percentage of students who completed 100 with a passing grade and enrolled in 103 (2015-16)
 - Group 5: Percentage of students who completed 103 with a passing grade and enrolled in 104 (2015-16)
