

In every section of the AQIP Portfolio, we're asked to report on how we meet our "Shared Performance Expectations" or "SPEs"—these statements are posted in our hallways, in classrooms and labs, and in many offices.

But...it's not enough to agree on statements and put up posters.

We must provide evidence that campus community members—students, faculty, and staff—are improving in these areas....

Be Competent at Your Work
Communicate Effectively
Respect Others
Think Critically
Act Responsibly
Work Effectively on Teams

...as we go about our regular duties. Every AQIP Category Team needs your ideas!

Choose just **ONE** of the "Expectations" listed above and take a moment in your work team to think about ways we can use to measure and report on how we're doing (for example, a safe, secure campus means we have fewer injuries--we can measure the number of accidents and try to reduce the number on each of our locations, every year). That's one way to #1 Be competent, #3 Respect others, and #5 Act responsibly.

Please send your ideas by email or hand them to any of these AQIP Category Team Leaders:

Cheryl Rasmussen crasmussen@highlandcc.edu

Sara Smith ssmith@highlandcc.edu

Eileen Gronniger egronniger@highlandcc.edu

Dave Reist dreist@highlandcc.edu

Josh Berry jberry@highlandcc.edu

Dan Erbert derbert@highlandcc.edu

Craig Mosher cmosher@highlandcc.edu

Jolie McDaniels jmcdaniels@highlandcc.edu

Peggy Forsberg pforsberg@highlandcc.edu

A successful AQIP Portfolio takes the whole campus community—thanks for your help!
